2 Education:

1996 Master in (Export-) **Marketing** (4 months), at the Saxion University, Enschede, The Netherlands.

1995 Master in **Psychology** following the TOP project (Temporary Placements for Entrepreneurs) for engineers graduated at the University of Twente, Enschede, the Netherlands. During a one-year-period I received the knowledge to be able to work with psychological tests. Subjects: development of questionnaires, statistics, interpretation of personality profiles and editing psychological reports.

1986-1991 **Chemical Engineering**, University of Twente, Enschede, the Netherlands. Major: Organic Chemistry. Minor: **business administration**.

- **1991:** Researcher performing the graduation assignment in the Department of Organic Chemistry at the University of Twente, Enschede, The Netherlands.
- **1990:** Researcher-trainee (3 months) at the Unilever Research Laboratory, Vlaardingen, Rotterdam, The Netherlands.

July 1990 Spanish summer course (2 weeks) for European Engineering students at the Escuela Superior de Ingenieros de Minas, Madrid, Spain.

3 Work experience:

3a self-employed

1997-now **HR Consultant and developer of sophisticated career management tools** working with Personal Potential, an online career consultancy with a psychological background for professionals who want to improve their working situation or are seeking personal development by analyzing their competences and career opportunities. The career consultancy is based on

the PPA and the online Success Indicator; both HR tools make use of the psychological model MBTI.

- Providing HR consultancy to labour market intermediaries, who made use of the PPA and the online Success Indicator by means of a licence.

Main tasks related to HR Consultancy:

- Analyzing and interpreting the candidates' psychological profiles.
- Generating and editing the personalized psychological profile reports.
- Providing career consultancy to the candidates making use of the PPA or the online Success Indicator based on MBTI.
- Developing and giving career management courses to higher educated young professionals based on the PPA Personal reports and the MBTI.
- Continuous development of new career management tools and updating and optimization of existing tools using HTML, php, Dreamweaver.
- Web editing and translation: creating new web pages & online Marketing campaigns; writing inspirational articles.
- **Executive search** for candidates for specific positions within different segments of the labour market in collaboration with previous selected recruitment firms.
- **Providing the online sophisticated HR tools to our licence holders.**
